## Notes

The petroleum business tax decreased 0.3 cpg to 17.4 cpg for gasoline and decreased 0.3 cpg to 15.65 cpg for diesel on 1/1/2020. The state imposes an 8 cpg motor and diesel fuel excise tax, with an additional .05 cpg petroleum testing fee on gasoline only. Other taxes include an average state sales tax rate adjusted based on population to reflect the MCTD region (8.75 cpg) and general region (8 cpg) tax.

NY counties also apply sales taxes to fuel which can be a cpg or a % basis tax. Most counties impose a % based tax and "Other Taxes" reflects a 9.6 cpg addition of the blended local sales tax rates applied to the state average retail prices. Actual amount will depend on county where fuel is purchased.
